

Raphael Jenkins  
Eighth Grade Student

After-School All-Stars @ Walden is great because it not only benefits students with schoolwork assistance, but it also plans fun activities for everyone to do. If I had to choose between going home every day and going to the program, I would go to the program everyday unless my mom tells me otherwise.

At first I only joined the program because my fiends were in it and that was how I got the newest information. Now I go to get help with my schoolwork and I am also able to get the news of the school at the same time.

There are many things that I like about the program. I like the fact that I get to work with P.E.C. students, the field trips and the fact that it has benefited my grades.

If more students would just come and see what After-School All-Stars @ Walden is like they will feel the same way I do and their grades would be better than what they currently are. If it weren't for the program, I would probably be behind in all of my classes. This is why I appreciate After-School All Stars @ Walden.
